"Business insurance can be complicated but Fuhrman Insurance takes the time to explain the details of our policies. No surprises! As our horticultural wholesale business expands, Fuhrman Insurance is always there to make sure our insurance needs keep up with our growth. You get personalized customer service with Fuhrman Insurance."

Scott Becker—*Carlin Sales, Milwaukee, WI*

"Fuhrman Insurance provides consistent professionalism. It is refreshing to receive personalized service for our commercial insurance needs. We trust Fuhrman Insurance to supply quality products and guidance for our business insurance needs."

Thomas J. Webers—*Casablanca de Mexico Restaurant & Lounge, Racine, WI*

"Fuhrman Insurance has been our agency since we started our company in 1975. During those many years, we have moved beyond any number of business relationships forged during our startup years. These changes were necessary in order for us to remain a viable and growing company. Yet, during all these years, one business relationship in particular has stood us in good stead—the one we rely on with Fuhrman Insurance. Their product line is solid, their customer care without parallel."

Barry Mano—*Referee Magazine, Racine, WI*

As an Independent Insurance Agency providing Commercial Insurance coverage, we have contracted with several outstanding companies in the market. Just take a look at *some* of the commercial business we have to offer. Our companies will also consider other classes of business on a risk by risk basis.
